

**Kennesaw State University and Piedmont University**  
**TRANSFER ARTICULATION AGREEMENT**  
**Piedmont University, Bachelor's Degree and**  
**Kennesaw State University, Bachelor of Science in Engineering**

This Transfer Articulation Agreement is entered into between Kennesaw State University, a unit in the University System of Georgia, and Piedmont University to facilitate the process for the transfer of credit between the institutions, continue educational progress toward the completion of an approved degree program, and minimize or avoid the loss of credit previously earned by a student who transfers to another institution.

This agreement reflects a commitment by both institutions to facilitate the transfer of credits earned from attending Piedmont University for approximately three (3) years and then transferring to an engineering program at Kennesaw State University. After completing the academic requirements of the two participating institutions, the student shall be awarded a bachelor's degree from Piedmont University and a Bachelor of Science degree in an engineering discipline from the Southern Polytechnic College of Engineering and Engineering Technology at Kennesaw State University without jeopardizing the intended mission and stated goals of either institution. This agreement acknowledges that each institution has established, and will maintain, rigorous standards and expectations for all students enrolled in and working toward the completion of its courses, programs, and degrees.

Agreement on Transfer

Piedmont University and Kennesaw State University agree to cooperate through this transfer articulation agreement for students attaining approximately three-fourths of the number of hours required for the bachelor's degree at Piedmont University and completing the Kennesaw State University

Agreement of Communication

It is understood and agreed that any student participating in the program at Piedmont University specifically tracked for admission or admitted to Kennesaw State University under this transfer articulation agreement will be allowed to complete the degree programs notwithstanding the termination provisions above, so long as the student remains in good standing and is making measured progress towards completion of the programs.
